> *BJNG TRANSFORMATION, TRUTH & DIPLOMACY: The President of the Association of Beninese Citizens Resident in Lagos - Nigeria visits the HMV Boys. Video recording and photo slideshow from the event will follow soon.*

## 1. Executive Overview & Diplomatic Presence

What a monumental day for the HMV Boys Initiative! We were deeply honored to host an official visit from the President of the Association of Beninese Citizens Resident in Nigeria, alongside his strategic three-man security detail. This official report chronicles the event highlights, key community declarations, and our ongoing campaign to secure stability for our resilient young men.

The visit marked a critical turning point for one of our boys, widely known to us as Irende or Olorunwa, whose birth name was officially verified during deep embassy proceedings to be Renée. The presence of the dignitary directly validates the transparency, security, and global impact of the HMV Boys rescue operations.

## 2. The Rescue Testimony & Case Verification

The day's proceedings began with an intimate presentation of Renée's journey. Our founder, Tayo, was invited by the President's media team leader to recount the crucial story of how he originally crossed paths with and rescued Renée. Tayo detailed the harrowing reality: Renée had been trafficked as a young child from the Benin Republic to Lagos by his father.

Following an exhaustive 40-minute video interview conducted by the embassy during a previous diplomatic session, authorities officially concluded the trafficking case. Now a fully trained, competent, and skilled barber, the official plan is underway to issue Renée vital travel documents so Tayo can personally accompany him back home to Benin to safely reconnect with his biological family.

## 3. Multilingual Alliance for Justice

The event took on a rich cultural and unifying tone as the delegation addressed the gathered community:

- **The Association President** delivered an impassioned speech in French, emphasizing the diaspora's responsibility to protect vulnerable nationals abroad and praising the care given to Renée.
- **The Media Team Leader** followed with a powerful address in Fon, speaking directly to the cultural ties that bind the community and validating the communal effort to right the wrongs of Renée's past.

## 4. Strategic Campaign: The Simply Royal Impact Bundles

While the diplomatic success of the day was undeniable, our immediate fundraising goal to support the boys was not fully reached. We are working around the clock to raise funds to rent a secure 'Face-me-I-face-you' apartment for Isiaq and Renée to give them the stability they desperately need. To bridge this gap, we have engineered premium luxury product bundles designed to turn regular food staples into high-impact philanthropic contributions.

| Bundle Tier & Contents | Strategic Philanthropic Pitch |
|---|---|
| The Royal Breakfast & Snack Bundle (Ofada Rice + Pure Honey + Simply Royal Groundnuts) | The ultimate local staple paired with a premium healthy natural sweetener and the perfect high-protein snack. |
| The Immunity & Wellness Bundle (Honey infused with Ginger & Garlic + Simply Royal Groundnuts) | Designed specifically for health-conscious buyers looking to boost their immune system while fueling safe housing. |
| The Complete Freedom Mega-Box (All Premium Products: Ofada Rice, Both Honeys, and Groundnuts) | A premium corporate gift pack where 100% of profit goes directly to securing the apartment lease for Isiaq and Renée. |

## 5. Next Operational Phase: Return to Opebi

We are returning straight to the roots of our mission. This week, the HMV Boys are heading back to the neighborhood in Opebi—the exact site of our very first free mobile haircut outing. We are introducing a unique, irresistible luxury value proposition: We are offering a FREE professional mobile haircut to any individual or corporate group that purchases our 'Simply Royal' product bundles.

Every single item purchased directly funds the concrete roof over Isiaq and Renée's heads. We invite your organization, family, and networks to purchase these luxury bundles collectively to empower these young men.

# 📸 THE FACES OF HOPE & DIPLOMACY: Scroll through the historic moments from yesterday's Presidential visit!

This striking cover image captures the incredible reality of our Open Day. From the official 40-minute trafficking case validation to our multi-lingual rallying calls in French and Fon, the **President of the Beninese Citizens Association in Nigeria** and his delegation stood shoulder-to-shoulder with us to secure a future for **Renée (Irende)** and **Isiaq**.

📽️ ***Stay Tuned:*** *The full video recording and an exclusive photo slideshow capturing live highlights from this historic event will follow soon!*

But a historic visit must be met with immediate action.

Our fundraising fell short today, and the boys still need a safe place to sleep. We are returning to **Opebi** with a deal you cannot resist:

👉 **Buy any premium "Simply Royal" Bundle (Ofada Rice, Honey, or Groundnuts) ➔ Get a professional FREE mobile haircut from Renée!** 💈📦

Click https://royalsiblings.com/hmv/2026/10/30/why-hmv-dont-need-charity-commercial-power-not-charity/

Every single purchase funds 1 year of apartment rent for these resilient young men. Let's turn this diplomatic breakthrough into lasting stability.
